**Subject: Report of the impact from the flooding situation in Sakon Nakhon province**

Attention: President, The Stock Exchange of Thailand

Dear Sir,

The flooding in Sakon Nakhon province on 28 July 2017 has severely affected in many areas of the province. The Erawan Group PLC. ("ERW") has one hotel called "HOP INN Sakon Nakhon" that has been affected by this flooding. Our staffs have been working tirelessly to take care of affected customers who are always our priority.

This incident has no material impact on our group performance. We expect to resume operation of this hotel in the next 2-4 weeks depending on the water level. All of our properties including this hotel are covered by insurances for property damages and business interruption from flooding.

We would like to express our sympathies to people affected by the flooding. We will work together with authorities to restore the communities. We will also provide assistance to our customers and staffs who are affected from this incident with our best efforts.

We will keep all stakeholders informed of any further significant developments.

Sincerely yours

Ms. Kanyarat Krisnathevin  
Executive Vice President and Chief Financial Officer
